Rotary remembers Sam Owori

Ryan Hyland and Abby Breitstein

Optimism is what brings us to Rotary. But Rotary is not a place for those who are only dreamers. It is a place for those with the ability, the capacity, and the compassion for fruitful service.

Sam F. Owori, 1941-2017

The Rotary flags in front of Rotary International World Headquarters in Evanston, Illinois, USA, and Rotary offices around the world fly at half-staff this week as friends and colleagues mourn President-elect Sam F. Owori, who died on 13 July from complications after surgery.

With an engaging smile and a calming voice, Sam put everyone he talked to at ease, says Hilda Tadria , a member of the Rotary Club of Gaba, Uganda, and a close friend of Sam and his wife, Norah.

"I call it the 'Sam Smile,'" says Tadria. "It made him very approachable and easy to talk to. I think his smile is one of the things Rotary and his friends will miss most."

Sam, who had been elected to serve as president of Rotary International in 2018-19, would have been the second African Rotary member, and the first Ugandan, to hold that office. He joined Rotary in 1978 and was a member of the Rotary Club of Kampala, Uganda.

"No matter the situation, Sam was always upbeat, always joking around and putting everyone else in a good mood," says Tadria.

One of the admirable things about Sam, Tadria says, was his love and devotion to his wife. They met in primary school in Tororo, Uganda. Sam described Norah Owori as beautiful, well-educated, and full of character.

"He adored Norah and always put her first." Tadria says. "They were best friends and partners for life. It was very sweet to see them together. They never left each other's side."

Sam was highly respected in Uganda, Tadria says, for his high integrity and consistent ethical standards. Those qualities, she says, are important in a Rotary president. "He was a man everyone could trust."

She adds, "He preferred listening to speaking. It's one reason he was so well-liked."

First Lady of the District

Dear Friends,

Rotary Greetings...

When I contemplate the way of my appointment or the opportunity sent to me, my inner-self bows down in the worship of creator.

I accepted this responsibility considering only one thing in my mind that almighty want me to do this and I will serve the humanity through Rotary like doing my worship - इबादत. Sharing with you letter from Past RI President John Germ for your understanding to bring back the harmony in our district through worship - इबादत.

Present to you Governor Monthly Letter - इबादत to share my journey - your achievements in which I also invite your suggestions so that we achieve our mission of the year Rotary: making a difference.

Yours unconditionally,

T.K. Ruby

Dear Rotarian Ruby,

As you are aware, the RI Board, at its January 2017 meeting, declared the office of 2017–18 governor of District 3080 to be vacant. The Board noted that in such circumstances the 2018–19 governor shall automatically fill the vacancy if he is willing to do so, and if he is not willing to do so, the governor will be selected by President Germ, in consultation with Director Desai, acting on behalf of the Board.

Because the 2018-19 governor has advised me that he does not wish to serve as governor in 2017-18, I have consulted with RI Director Desai, and, on behalf of the RI Board, wish to select you to serve as the governor of District 3080 in 2017-18.

The RI Board and I have been troubled by the multiple complaints and lawsuits that have resulted from this election. I would urge you to work with the clubs and district leadership to bring harmony to your district in your year as governor.

Please advise me by return email of your willingness to serve as governor. If so, I will ask the general secretary to arrange the necessary training.

Sincerely,

John F. Germ
President, Rotary International 2016-17

Dear Trendsetters,

Rotary Greetings...

We have a great sense of togetherness. It is our team spirit that has driven us through this marvellous first month. It is the union of independence and dependence of Rotarians, that constitutes the fantastic beginning of this service year 17-18. AGTS, PETS-SETS, DTTS and District Assembly within twelve days, and I could attend 18 club installations and other functions within a short span because of your extraordinary support, love and affection.

Most of you have not only completed your installation functions but also organised numerous service projects during the first month. I place on record my sincere appreciation for my fellow Rotarians and leaders of the clubs for organising Blood donation camps, अन्नपूर्णादिवस (Food for poor), Tree plantation, Medical Camps, स्वच्छभारत projects, and many more humanitarian projects.

I compliment you for inducting a large number of members during this month but retention is more important. We celebrate August as Membership Month. I encourage all of you to introduce new members, remind every Rotarian about his obligation to invite good people to Rotary and induct them as Rotarians. Membership Seminar will be held on 3rd September at Kurukshetra under the dynamic leadership of PDG Dr. Gulshan Thakral, affectionate hosting of DGN Jitendra and District Secretary Ajay Madan. Please register before 20th August.

Now it is the time to plan further and take action.

President IAN has asked us to Support and Strengthen the clubs, Focus and increase humanitarian service, and Enhance Rotary's Public Image and awareness. Presidential citation is also based upon the same. I urge all clubs to develop projects keeping this in mind. Please register and report on Club Central for citations and recognitions.

I have decided to focus in the following three areas:

- Let us identify need based projects for local communities around our work or home place.
- Let us adopt projects to make a permanent impact.
- Let us work together to "Restore the Dignity".

I shared with you during District Assembly that old age home is not our culture, our elders deserve much more dignified life and we have to work to restore their dignity. I have deiced to create RDTF - "Restore the Dignity Task Force" that will work with old age homes and orphanages in the vicinity of RID 3080 and intend to organise one district seminar to take this mission ahead.

After eradicating polio, our next target disease is Tuberculosis (TB). PRID Y.P. Das and PDG Chetan has taken up this mission with the help of USAID to achieve TB Free India. Rtn. Yash has urged us to appoint one TB Coordinator in each club and conduct TB awareness and screening camps for which he announced a grant of Rs. 25000/- for each organising clubs.

I have received an amount of Rs. 8,97,897/- from Rotary International, that RI pays every governor to meet his working expenses of travelling, boarding, lodging etc. I have decided to donate that entire amount for the projects of our clubs because the board of my company Raymed has decided to take care of all my expenses.

I am pleased to share that an amount of Rupees Eighty Nine Lac (The US $ 1,39,115.56) is available in District Designated Fund and some more funds are expected from unused district grant of previous years. This is the amount which we receive back from Rotary out of our previous year donations.

I invite your projects under district grants and global grants to make the best use of these amounts in the service of humanity.

I am satisfied that we could do all this in short time and I am in gratitude towards fellow Rotarians - my friends who made this possible.

Unconditionally, Yours-in-Service

T.K. Ruby

R.I. President, 2017-18

Dear Fellow Rotarians,

There are as many reasons to come to Rotary as there are Rotarians - maybe even a few more. But each of us has stayed in Rotary because it adds something to our own lives. Through Rotary, we are Making a Difference in the world; and the more involved we become, the more of a difference Rotary makes to each of us. Rotary challenges us to become better people: to become ambitious in the ways that matter, to strive for higher goals, and to incorporate Service Above Self into our daily lives.

What kind of difference Rotary clubs and individual Rotarians make through their service will always be their own decision. As an organization, we are guided by the three strategic priorities our Board has set in our strategic plan: to support and strengthen our clubs, to focus and increase our humanitarian service, and to enhance Rotary's public image and awareness.

In the year ahead, our clubs will have the support of a greatly augmented array of online tools, including a refreshed Rotary.org, a simplified Rotary Foundation grant application process, an improved My Rotary experience, and a rebuilt Rotary Club Central. As we look to strengthen our clubs, two specific challenges stand out in our membership: our gender balance and our average age. To keep our clubs strong, we need to build a membership that reflects the communities we serve and that will continue to develop knowledgeable leaders for generations to come.

For many years, one idea has stood at the heart of all our service: sustainability. Sustainable service means our work continues to have a positive impact long after Rotary's direct involvement has ended. We don't dig wells and walk away; we make sure communities can maintain and repair those wells. If we build a clinic, we make sure that clinic has a way to keep running without ongoing support from us. And when it comes to polio, we aren't working to contain it; we're working to end it.

Eradicating polio is the ultimate in sustainable service. It is an investment that will yield not just a long-lasting but a permanent benefit, on a global scale. It is and must remain our No. 1 priority until the job is done.

For 112 years, Rotary has made a difference to more lives, in more ways, than we can ever count or will ever know. Today, each of us bears a torch, its flame lit by Paul Harris, that has been passed forward from generation to generation, in Rotary: Making a Difference.

Dear Rotarians,

The Rotary year 2016-17 has come to a close with many positives: great performance by the clubs, excellent team work and handsome contributions to the Foundation. In addition, during the year, globally Rotary created more than 35,000 leaders at the club level known as 'Past Presidents' and at the district level about 535 known as 'Past Governors'. Many new clubs have been chartered inviting more persons to join, serve and strengthen our organisation. All this adding to one more page in Rotary's 112-year glorious history. Not many organisations survive this long; and even fewer continue to grow as rapidly as Rotary has done while entering its 113th year.

The new Rotary Year (2017-18) will see a change of guard. This change which happens at every leadership level every year gives many Rotarians the opportunity to demonstrate their leadership skills and encourages other Rotarians to serve with renewed enthusiasm and energy.

Change is a constant in today's times. Change brings opportunity. We must grasp and use it to continue our good work to ensure a better future for those we serve. When someone asked a farmer, "What are you doing today?", he replied, "I am enjoying the hard work of the past." We do understand the farmer's nuanced response: after all we too have a legacy of more than 112 years. But the thought of what tomorrow will bring is always lingering in the back of our minds, urging us to do better.

Now, the farmer knows that for the fields that are barren today to be ready for harvest tomorrow, the soil must be tilled and the seeds must be sown today in order to get a rich harvest. This is the thought lingering in the farmer's mind. But he knows very well that between sowing and harvesting, there are many steps which need planning, coordination, process and hard work. And, there is many a slip between the cup and the lip. Finally, success only comes after accomplishing all the tasks at the right time.

We Rotarians know there is no such thing as overnight success. Thomas Edison once said: "Genius is one per cent inspiration and 99 per cent perspiration". The best happens when we learn something, relentlessly practice it, improve upon it and then continue to learn more. Learning is an ongoing process. Learning is personal – it flexes with our needs, our learning style and our planning.

Rotarians work with well thought out plans and strategies and an army of 1.2 million Rotarians over 200 countries to serve the communities around us.

From July 1, we have full 12 months in front of us:

- Opportunities
- Challenges
- Time to prove our leadership capabilities
- Actions and results
- Introducing New Members to Rotary
- Learning about needs of our communities
- Interaction and working as teams
- Exciting experiences
- Develop our skills of communication to work better
- Convert acquaintances to friends in the true spirit of Rotary
- Happiness, energy and enthusiasm and
- Contributing towards worthy projects through TRF.

To make full use of our 12 months, my dear Trend Setters, please proceed to achieve the goals of Rotary with our well trained team of District officers and Club officers!

Voice your expression....

Dear Friends,

If we don't believe in freedom of expression of our people, friends, and colleagues, we don't believe in it at all.

I am introducing a new column **"Rotarian's Voice"** and invite your frank and free expression. We will print your letters in the forthcoming GML's and publish them at our rotary website.

You are welcome to send me your experiences, success stories, expectations from Rotary Leadership and your suggestions for improvement in Rotary.

Unconditionally, yours in service

Ruby

Mohinder Paul Gupta
District Editor, 2017-18

Welcome to RY 2017-18 and I can already feel the difference in approach to the plans and programs for the year ahead under the leadership of DG Ruby.

As you will have already noticed, the look of the GML is new and you will find a difference every month in the outlook as well as soon contents. We will strive to present you something new, at least partially, every month. That should, in our opinion, evoke your interest to go through the GML, whenever you have the time during the month.

GML is a best tool in the hands of the District Administration to communicate with the District Officials and District Clubs. It is the most appropriate medium to bring the District Team to the same frequency as that of the District Leader.

I strongly believe that "इबादत" will Go the Extra Mile to Serve Our District 3080, with all your support. Let us find out new ways for Today's Generation for them to reach out to all the people around the World who are in need. Together we can "Make a Difference" by Going an Extra Mile for uplifting our Rotary International to next level.

कहानी

सिद्धार्थ का वैराग्य

बचपन को दबाइए मत। बच्चों का सहज विकास होने दीजिए। उन पर नजर रखिए, अच्छे संस्कार दीजिए। जो बनना होगा, वे बन जाएंगे। इस कहानी से समझाते हैं पं. मेहता ...

सिद्धार्थ गौतम राजकुमार थे। जन्म के बाद उनके पिता ने एक ज्योतिषी से कहा- कुंडली देखकर इसका भविष्य बताइए। बड़ा होकर यह क्या बनेगा? योतिष ने गुणा-भाग कर कहा- बड़ा होकर यह या तो चक्रवर्ती सम्राट या फिर बहुत बड़ा संन्यासी होगा। जो भी बनेगा, इसकी ख्याति सारे संसार में होगी।

पिता जस बात से बचाना चाह रहे थे, गौतम उसी मार्ग पर चल दिए। देखते ही देखते एक साधारण राजकुमार महात्मा गौतम बुद्ध बन गया।

ज्योतिष की बात सुन पिता चिंतित हो गए। सोचने लगे- यह चक्रवर्ती राजा बन जाए यह तो समझ में आता है लेकिन संन्यासी हो जाए यह तो ठीक नहीं होगा। मंत्रियों को बुलाकर निर्देश दिया इसके महल में ऐसी व्यवस्थाएं जुटाई जाएं कि संसार के किसी दुख से इसका सामना ही न हो। जीवन का कोई विपरीत नहीं देख सके। विपरीत देखने पर ही जीवन में वैराग जागता है। ऐसा ही हुआ। राजकुमार के लालन-पालन में कोई कमी नहीं छोड़ी गई। बचपन से लेकर युवावस्था में प्रवेश करने तक जीवन का विपरीत नहीं देखा।

एक दिन राज्य में युवा सम्मेलन हो रहा था। लोगों ने कहा राजकुमार को भी बुलाइए, अब वे बड़ हो चुके हैं, यहां आएंगे तो अच्छा लगेगा। गौतम पहली बार महल से बाहर निकले। अब तक उनके जीवन में हर चीज सुंदर थी। प्रतिकूल और विपरीत तो कुछ देखा ही नहीं था।

जब रथ पर बैठकर चले तो देखा सामने से एक बूढ़ा जिसके दांत गिर चुके थे, कमर झुकी हुई और लाठी के सहारे हिलता-डोलता चला आ रहा था। उन्होंने तो बुढ़ापा कैसा होता है, देखा ही नहीं था। सारथी से पूछा- यह कौन है? सारथी ने कहा- यह भी हमारी ही तरह एक आदमी है जो अब बूढ़ा हो चुका है। तब राजकुमार ने आश्चर्य से पूछा- क्या? बुढ़ापा आने पर आदमी ऐसा हो जाता है! सारथी ने कहा- हां, आदमी ऐसा ही हो जाता है। राजकुमार ने फिर पूछा- तो क्या मैं भी ऐसा हो जाऊंगा.? सारथी बोला- हां, आप भी ऐसे हो जाएंगे। गौतम गहरी सोच में पड़ गए। दृष्टि में बार-बार वो ही बुढ़ापे का दृश्य घूम रहा था। थोड़ा आगे बढ़े तो देखा सामने से कुछ लोग कांधे पर अर्थी उठाए चले आ रहे हैं। फिर पूछा- यह क्या है? यह आदमी इस प्रकार क्यों सो रहा है? सारथी ने बताया- सो नहीं रहा राजकुमार, यह मर गया है और ये लोग इसे जलाने ले जा रहे हैं।

क्या.? आदमी मरता भी है! बताया गया- हां, हर जीव जो जन्म लेता है वह एक न एक दिन मरता भी है। धन-दौलत, घर-परिवार, रिश्तेदार, मित्र सभी यहीं छूट जाते हैं और आदमी चला जाता है। बुद्ध ने पूछा- तो क्या मैं भी मर जाऊंगा? सारथी ने सिर झुकाते हुए कहा- हां राजकुमार, एक दिन..। राजकुमार ने सोच लिया, एक दिन मरना है तो आज ही मर जाएं। उनके भीतर वैराग्य जाग गया। तय कर लिया, अब महल नहीं जाते हुए जंगल की राह पकड़ ली जाए। जिस बात से पिता बचाना चटहते थे उस मार्ग पर चल दिए। सांसारिक मोह त्यागकर कठोर तप किया और साधारण राजकुमार सिद्धार्थ गौतम बुद्ध बन गया।

First Lady of the District

Dear Trendsetter Friends & Spouses,

I am indeed happy to meet you through the first issue of GML "Ibadat".

July is a special month for every Rotarian for every club for every district and for Rotary International. That is why month of July does not have a theme in the Rotary Calendar. It is like a universal Rotary birthday party. We can achieve greater heights in the Rotary if we support and extend our help to our spouses and encourage them "Service to Humanity".

As a first lady of district I look forward to your support and in working together with all of you in **"Making a Difference"** to the various community that we serve.
